

# med-athlon 2022

"The Breath , The Mind, The Heart - Impact of Covid -19"

## DEBATE COMPETITION TOPICS

### PRELIMINARIES

**It is proposed....**

- 1. That COVID -19 has brought about social withdrawal amongst children.**
- 2. That given the recurrence of Covid-19 around the world time and again, masks must be made compulsory at schools.**
- 3. That Career counselling for students should start at middle school level**
- 4. That the quality of education has suffered as a consequence of online education during the pandemic**
- 5. That a teacher is only a facilitator and not a must for learning**
- 6. That the World is fully prepared to face another pandemic like Covid–19**

### FINALS

**It is proposed that in the light of COVID 19 experience, the lesson learnt from the pandemic is “Each for Himself/Herself”**
